SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 12/14/20 at 1100 hours:

- 72,893,505 (+492,593) total confirmed cases in 218 countries.
- 1,623,427(+7,392) total deaths.

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 12/14/20 at 1000 hours:

- 16,113,148 (+181,032) total confirmed cases.
- 298,266 (+1,448) total deaths.

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 12/14/20 at 1100 hours:

- 1,585,044 (+33,278) total confirmed cases.

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details.

On 12/14/2020 at 1352, AT&T has reported a Community Isolation affecting 2,283 Wireline/VoIP users in San Diego, CA (zip code 92107).

- Time Outage Started: 12/14/2020, 1230 hours
- Time Outage Reported: 12/14/2020, 1307 hours
- Time of Resolution/Restoration: Estimated Time of Restoration 12/15/20, 0030 hours
- Total Outage Time: TBD
- Jurisdiction Affected: San Diego Police Department (Notified)
- Reason For Outage: Unknown
- Wireless Users Impacted: No
- Wireline Users Impacted: Yes
- VoIP Users Impacted: Yes

Service Interruptions

- None reported

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- King tides and heavy surf will bring potential coastal flooding along coastal areas through Tuesday.
- Another storm moves across Northern California Wednesday through Thursday.

SOUTHERN CALIFORNIA

- Gusty northwest to north winds will impact portions of Santa Barbara, Los Angeles, and Ventura Counties through Monday evening. Peak wind gusts between 30 and 50 mph will be common in the wind prone areas of the Santa Barbara South Coast, the Interstate 5 Corridor and portions of the Santa Clarita Valley.
- Santa Ana winds and elevated fire weather conditions Tuesday for portions of Southwestern California. Localized elevated fire weather conditions and slightly above average temps Wednesday.

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

12/14/20 - 12/20/20

Monday-Tuesday

- Gusty winds up to 40-60 mph are expected across portions of central and southern CA through this evening
 - Elevated fire weather concerns persist with continued dry conditions and gusty winds
- High surf and king tides could create localized flooding along coastal areas through this evening.
- Another round of rain and high elevation snow is expected across NW CA for Tuesday

Wednesday - Sunday

- Elevated to locally critical fire weather concerns will still be possible across central and southern CA due to dry conditions and breezy winds
- Another storm will bring more widespread precipitation and another round of gusty winds to the northern half of the state Wednesday into Thursday.
- Additional precipitation is possible across northern California heading into the weekend.
